Where Wi-Fi is available

The map of Hagi City, Yamaguchi Prefecture, Japan, is a detailed representation of the city's geography and infrastructure. The Hagi River (Arima River) is the central waterway, flowing from the north towards the south. The city is divided into several districts, each with its own set of streets and landmarks. Key locations include the Ruins of Hagi Castle, Hagi Museum, Hagi City Hall, Hagi Police Office, and Hagi Station. The map also shows the surrounding area, including the Sea of Japan to the north and the city of Yamaguchi to the south. The map is color-coded with green for parks and forests, blue for water, and yellow for urban areas. The map includes a legend and a scale bar.
